

CAMP DIFFERENCES

Each of our Kenya walking safari itineraries can be booked as one of three different versions – “Luxury walking safari with camels”, “Classic walking safari with camels” or “Air BnC walking safari”. These walking safaris are all mobile walking safaris where the camp is moved each day to a new location by our camels and team. If you wish to base yourself in one place and do walks from here each day, then enquire about Tumaren Camp and the Satellite Camp. These can be enjoyed alone or as a start and end point for a mobile safari.

LUXURY WALKING SAFARI

The Luxury walking safari with camels offers a little more extravagance and is a journey as the camp moves along with you with the help of the staff and camels (10-25 camels depending on the group size). The 4 poster bed is left behind, but the king size mattress, feather pillow and duvet are not. Your accommodation is in a large, traditional, canvas tent with a chair, table, mirror, drinking water and a basin on the veranda. The bedding has 2 pillows, sheets and duvets, dressing gowns, towels, hot water bottles, solar lights and carpets. You can request for a bucket shower that comes with plenty of hot water. There is a toilet behind each tent.

If you want a family style tent, we can join two tents together so that the children feel secure. Meals are freshly prepared each day with breakfast and dinner served at the table and lunch is an informal buffet-style. A choice of luxury beer, wine and spirits are also included for those who love to have their taste of alcohol in the wild. (Excludes champagne). Headlamps are available on request.

CLASSIC WALKING SAFARI

The Classic walking safari offers accommodation in spacious green netting tents for 1 or 2 people with comfy bedding, pillow and a towel. There is a table with a mirror and water and a solar light in the tent, and carpets and a stool add to the tent comforts. You will enjoy hot showers and the toilets are shared. Delicious freshly prepared meals are served and house beer, wine and spirits are included. The classic safari is perfect for those wanting a tent that you can stand in but not bothered about the luxury extras.

AIRBNC SAFARI

Our Air Bed and Camel safari is perfect for budget-conscious travellers for whom the experience is more important than luxuries. The tents are 4 man dome tents with sheets and blankets and towels. The meals are two course meals and alcohol is extra. The camp is a lighter camp but still comfy which means less staff and camels used to move it.

NON-MOBILE WALKING SAFARI

This option is good for those wanting the walking experience from a base camp where they do not move each day.

TUMAREN CAMP

This lovely tented camp was originally the home of Kerry and James (owners of Karisia Walking Safaris) and it has 6 beautiful sleeping tents, solar lighting and running water. Each tent can fit a family of 4/5 if needed or else kept as a double/twin. Guests staying here do walks, camel rides, picnics, go rock climbing and game viewing from the camp and come back to the camp each day. This camp does not move location. Full board accommodation with drinks, walks, camel rides, rock climbing, market visits, school visits, drives included.

SATELLITE CAMP

The camp is a mobile tented camp (like the luxury one with green canvas tents) that is exclusive to your group and remains in one place. The walks and camel rides go out from this camp each day and come back to the same camp. Luxury bedding, towels, lights, a chair, table, mirror, drinking water and a basin on the veranda, with hot bucket showers and personal toilets. Alcohol is included with your meals.
