

ANGAMA

SAFARI CAMP

*"If there were one more thing I could do,
it would be to go on safari once again,"*

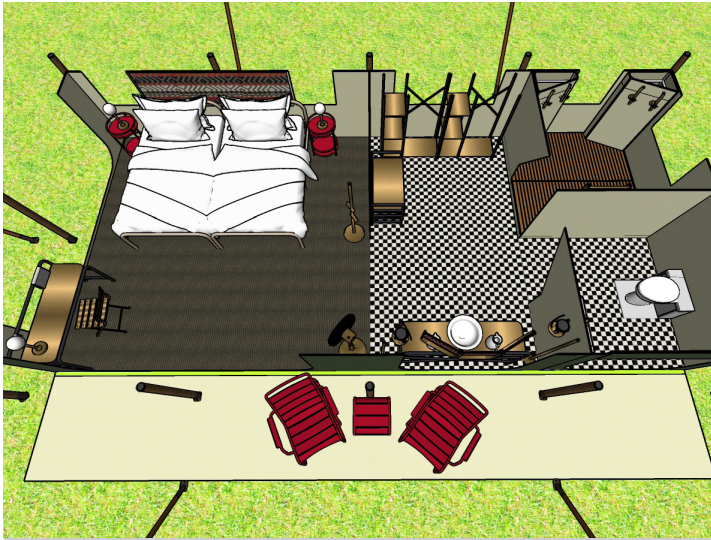

wrote Karen Blixen in her memoir, *I Dreamed of Africa*.

Welcome to Angama Safari Camp, an exclusive-use mobile tented camp sited deep in the Mara Triangle.

Angama Safari Camp captures the romance and adventure of the glorious Golden Age of safaris, yet with a lightness of spirit and footprint that will both surprise and delight our guests.

The team that created Angama Mara has reunited to bring our new little camp to life: tents by Kenya's king of canvas, Jan Allan, and interiors by the inimitable Annemarie Meintjes. The design, quite unlike any other mobile tented camp, will be fresh, playful and uncluttered, making for easy living while echoing many of the most loved elements of its older sister. There will be Fermob and Vogel, there will be red and blue. As with the lodge, Angama Safari Camp will have the very best of everything, but also just the right amount of everything.

Tucked away in the unspoiled southwest corner of the Mara where our guests will experience unconstrained freedom, days will be packed with adventure, followed by stories shared around the campfire. Dinners will be served by gentle Kenyans under the Milky Way, the same charming service that delights our Angama Mara guests. Safely ensconced in their handsome ensuite tents, our guests will soak up the nocturnal silence of the wilderness punctuated by the sounds of hyena and lion calling, while surrounded by a million migrating ungulates. The wilderness area in which the camp is located is home to resident prides of lion, large elephant herds, buffaloes 500-strong and all the resident game for which the Mara Triangle is renowned.

Our purpose is to provide an impeccable safari experience that distils the sophistication of simplicity right down to its very essence. No one day will be the same as the one before and no one safari will be the same as any other. The Safari Camp will be just as perfect for two guests as it will be for eight.

The camp's rules: stare at the fire; listen to the birds; read; take a nap; relax; watch the sun set; cook over the fire; breathe the fresh air; and share many stories.

Experience an overwhelming sense of "this is all mine".
